

Get UBS protected with Cover!

We know how much you depend on your Solution which is why we have made it easy for you to keep your system in top form with our software assurance plan, Cover. The Cover plan provides software updates, upgrades and information, giving you total investment protection in the long run.

With Cover, you do not need to worry about keeping up to date with the latest version because it will be made available to you automatically. Each new version includes features that help your team maximize their productivity and performance. And best of all, it cost significantly less on an annual basis than sporadically purchasing new software licenses.

Why do you need Cover?

Stay compliant and improve productivity by keeping your product capabilities current

Cover ensures you receive the latest major software releases, security patches and bug fixes. The product are continually added and enhanced with new features and functionality to meet new challenges in your business. And that means you can rest assured you'll always have the current functionality to simplify your tasks.

Protect your software with the latest security upgrades and performance improved

With Cover, you are entitle to a full year of free upgrades where the upgrades are designed in order to address and fix issues encountered by users. These upgrades improve the overall performance and functionality of the software. Moreover, they enable the software to last longer by increasing its life cycle.

Manage your investment effortlessly and cost-effective

Time is your most valuable asset, and how you leverage it can be critical to the success of your organisation. That's why you wisely invested in our software, which delivers enormous time savings in business operations. With Cover, you can continue to make the best use of your time while taking full advantage of product capabilities and the continual improvements we make. And guess what? Cover secure you from price increase, no one promise you on no price increase in future.

Dedicated friendly support team with experts for fast answers on your product issues

You can't afford to be without expert technical assistance through our highly experienced professionals who are committed to your satisfaction. Our partner network and/or support services ensure quick resolution to your product issues. Our support team operates from 9am to 6pm on weekdays.

Streamline your license management

License keys are like passwords. You might have several of them and when you need to find one, it may not be obvious where to look. Cover provides you with licensing assistance in case you need to request a new license key, transfer your license to a new machine. It's your one-stop shop for all things licensing.
